

Seastreak

Vessel Mechanic/Engineer – New Bedford, Massachusetts

About Seastreak:

Seastreak provides fast passenger ferry services in the New York metropolitan area and Massachusetts, connecting New Bedford to Nantucket and Martha's Vineyard.

Job Summary:

The vessel mechanic/engineer is responsible for ensuring that vessel propulsion equipment and related auxiliary systems are operated and maintained as specified by manufacturer's recommendations as well as Seastreak policy. The vessel mechanic/engineer shall ensure that preventive and corrective maintenance is implemented as required. The mechanic/engineer is responsible to comply with Seastreak policy and procedural requirements onboard as relating to their position and as directed by vessel officers.

Requirements:

- High School diploma required
- Must be able to lift 50lbs
- Marine work or education (preferred)
- Must pass a pre-employment DOT drug test and enroll in Seastreak's random drug testing program required by the United States Coast Guard
- Must have TWIC (Transportation Worker Identification Credential) card or be able to obtain a TWIC card

Job Type: Full-time, Part-time

Benefits:

- Medical, dental and vision insurance
- 401k with employer matching program
- Paid time off
- Opportunities for career advancement

To apply, email contactnb@seastreak.com a resume and short cover letter explaining your qualifications for the position.
